

To whom it may concern,

I am writing this letter of recommendation for Michael Naz. I have known Michael for 5 years as he has developed many of my marketing platforms for Desert City Properties LLC.

Michael is a highly qualified and motivated professional with experience in all aspects of business strategies including sales operations and foremost marketing. Michael and his team were able to get my websites developed. He and his team were also able to write up articles that help with business ranking as well as helping my company to create an online presence.

Michael is a results driven professional who knows how to drive strategies into sales like very few people whom I have worked with. From what I have observed he understands how to develop a brand Identity, website and design, lead capture, as well as a broad idea of real estate and how to generate leads.

I have really enjoyed working with Michael over the years. From the conversations we have had over the years he is eager to grow into a real estate professional, and I believe he really will be a great asset to your team.

Call me if you need additional information. I'd be happy to tell you more about Michael and how he has helped my business grow.
